

The most complete portfolio of critical fastening solutions for the aerospace industry

AcraDyne's nutrunners are designed for ultimate operator safety, with multiple handle configuration options for optimal tool handling

The AcraDyne line increases productivity while also providing optimal monitoring and control with a built-in integral transducer

During these uncertain times, shipments may be delayed, halting projects and costing thousands. Because we are Made in the USA, we are available and ready to meet your needs

1000 Series

1 – 22 Nm

- Superior size, speed, and duty cycle compared to competitors' tools
- Durable Nylon motor and handle housing
- Onboard lights and audible signal for operator feedback

2000 Series

3 – 55 Nm

- Superior size, speed, and duty cycle compared to competitors' tools
- Durable Nylon motor and handle housing
- Aluminum motor and gear housing
- Onboard lights and audible signal for operator feedback

3000 Series

10 – 600 Nm

- Superior size, speed, and duty cycle compared to competitors' tools
- Aluminum gear and motor housing
- Onboard lights and audible signal for operator feedback

Proudly Made in the USA, AcraDyne's DC Controlled Corded Tools and Controllers offer one of the Widest Torque Ranges in the World – from 1 to 17,000 Nm
